

I have the following copy of a letter received today by Hope Chamber of Commerce from H. K. Thatcher, executive vice-president of the Ouachita Valley Association, Camden:

Mr. Charles A. Armitage, Manager Chamber of Commerce Hope, Arkansas

Dear Mr. Armitage: The people of Hope and vicinity will profit a great deal from general development work being carried on by the Ouachita Valley Association for the development of the Ouachita River and its tributaries. We are about to get river traffic restored on the river up as far as Camden and when this is done you will see reflected much benefit in freight charges for your territory. Besides the navigation features of our program there is an overall flood control, soil and water conservation, forest conservation, recreational and industrial development program. I believe you people will be interested in all of these things and it is for this reason that when our budget is making up its annual budget it felt that the City of Hope and vicinity should contribute a minimum of \$500.00 to be used in our overall program.

I am writing to ask that you bring this before your board and I hope that you can work out something to help us. If there is anything that I can do not hesitate to write or call. I will be glad to come to Hope for a meeting.

At this time I want to call your attention to two other matters. One, the hearing to be held at Prescott on August 16th which deals with the channel improvements of the Little Missouri River and Ozark Creek. In this work it will be necessary for the land owners of the Counties to supply the lands to make the cut-offs. I am advised by your County Judge that there should be no difficulties in Hempstead County. Nevertheless I think your Chamber of Commerce should be represented at the hearing in order to help us out. We may have some difficulty in Nevada County.

The other proposition which I wish to call to your attention is a hearing at El Dorado the following day, August 17th called by the Kerr Committee which seeks grass root information for the development of an overall program of the river valley, Ouachita and Red Rivers. The El Dorado hearing will want information concerning all water problems whether it be municipal or industrial whether it be flood control, power development, recreational, stream pollution abatement or industrial expansion. This Committee will also concern itself with re-forestation, soil conservation and general land management. I am sure you will have something to contribute and I hope you will be on hand with a number of interested citizens. Very sincerely yours,

OUACHITA VALLEY ASSOCIATION
H. K. Thatcher
Executive Vice President

Camden, Ark.

Guard Should Vote Before Leaving Here

Robert Turner, County Clerk, announced today that National Guardsmen who wish to vote before they leave for their annual summer encampment Sunday can get their absentee ballots at the County Clerk's office any time during office hours.

The Guardsmen from other counties can also report to their respective County Clerks for their ballots.

The local National Guard will be at Camp Polk, La. for two weeks in combined training with the Army's 39th Division.

First Quarterly Conference Sunday at Oak Grove M. E.

The first quarterly conference of the Spring Hill charge of the Methodist church will be held at Oak Grove church Sunday, August 6, at 11 a. m. Lunch will be served.

Mrs. Clara Ozmer of Magnolia Dies; Funeral on Friday

Mrs. Clara Ozmer of Magnolia died Wednesday night in State Sanatorium, Booneville. She is survived by her husband, two sons, Luie of Magnolia and Franklin of Hope; and four grandchildren, Terry, Linda, David, and Diana Ozmer of Hope.

Funeral services will be held in Magnolia Friday afternoon.

13 Held for 'Peace' Riot in New York

New York, Aug. 3 —(P)— Two thousand left-wing "peace" marchers, banned from staging a Union square rally, battled 1,000 police late yesterday in fist-flinging brawls that led to 13 arrests, their defiant move.

"We want peace — open up the square," the marchers chanted as they suddenly formed ranks among the throngs going home from work.

Union square — a mile and a half south of Times Square — is the traditional scene of New York soap box oratory. When the mounted police bore down on the demonstrators they shouted "cossack."

The mounted policemen rode their horses onto sidewalks. Fist fights broke out. Several injuries were reported and at least one window was smashed.

Two sign-waving demonstrators were reported and at least one pole by police and a fire department ladder company.

The police detail spent an hour breaking up the demonstration. Most of the marchers arrested were charged with assault or disorderly conduct.

Scattered by police at Union square, some of the marchers retreated three blocks south to 11th street. Another group of about 500 moved north to 23rd street at Madison Square park. Police chased them out.

Last night, 1,200 police ringed Times square after a report that the marchers would invade the "cross-roads of the world." However, police reported no organized demonstrations there.

The New York Labor Conference for Peace sponsored the forbidden rally. The marchers were to have heard speeches by left-wing Negro singer Paul Robeson and Dr. W. E. B. Dubois, chairman of the peace information center.

The center has led in the distribution of peace petitions urging the outlawing of the atom bomb. Government officials have called the petitions Communist-inspired. The conference called the "peace rally" to demand mediation in Korea. The conference describes itself as made up of union and other groups interested in peace.

Third and Elm Accident Damages 2 Local Autos

City police reported an accident at 8:30 this morning at Third and Elm involving cars driven by Claude Price and J. H. Osteen. It is believed that its cause was a brake failure.

The car driven by Mr. Price had a left fender smashed. There was considerable damage to the other car involved.

Symington, Top Government Economic Mobilizer, Urges Truman Be Given Free Hand

Washington, Aug. 3(P)—The government's top economic mobilizer urged today that President Truman be given a free hand in putting any wage-price rationing controls into effect.

W. Stuart Symington, chairman of the national security resources board, made a special trip to the capitol to discuss the matter.

He talked behind closed doors with Chairman Maybank (D-SC) of the senate banking committee. Maybank told reporters Symington plan for imposing wage, price and rationing curbs should let the President decide when or whether they should be used.

Symington declined to discuss the matter with newsmen. On the other side of the capitol the house appeared set to give the President powers to control virtually every phase of American life. As demands mounted for across the board controls to curb inflation and what is needed in the Korean war, the only question appeared to be the form the presidential powers would take.

Symington talked with Maybank as the senate banking committee resumed discussion of a proposal which would deny the President discretionary authority in putting wage price rationing curbs into effect.

Opposition of 7 Nations Doooms the Russian Attempt to Oust Nationalist China

Lake Success, Aug. 3 —(P)— The solid opposition of seven nations today doomed Russia's latest move to seat Red China on the security council as part of a peace deal for Korea.

Six countries — Britain, France, Ecuador, Cuba, Norway and Nationalist China — followed the United States' lead yesterday in insisting that the council discuss the Korean question before considering admission of Communist China to the council, and that the two questions be treated separately.

American Chief Delegate Warren R. Austin led the fight to reject any "deal" for settlement of the Korean war. He declared the U. S. will never agree that the end of North Korean aggression depends on any other issue.

As the third day of debate began today on the procedural tangle council delegates watched with particular interest to see what

India would do.

The great Asiatic nation hasnt the power to alter the outcome, but her strategic position in the East have added significance to whatever stand she takes when her delegate, Sir Boney N. Rau, speaks today on the agenda proposed by Russian delegate, Jakob A. Malik, the council president for August.

The council is still tangled in delegates hoped to get a vote on cuss, and in what order. Some delegates hoped to et a vote on the question today.

Malik has insisted on the program he represented.

1. To consider seating the Chinese Communists.

2. To consider a "peaceful settlement" in Korea.

In demanding this agenda, he has denounced U. S. military action in Korea as an act of aggression.

Rumor of Death in Korea of Sgt. Goodlett Untrue

Reports that Master Sergeant William D. Goodlett, son of Mr. and Mrs. D. E. Goodlett of Fulton, had been killed in action in Korea are false.

Mrs. William D. Goodlett, who is in Japan wrote her husband's parents that he was "O.K. and in good spirits" according to his last letter to her. The sergeant is with the 63rd F. A., Btry. A of the 24th Army in Korea.

State Guard and Marines 'Move Out'

Little Rock, Aug. 3 —(P)— Two branches of Arkansas' military "move out" this weekend. One presumably will return soon. When the other returns is problematical.

Fifty-one units of the Arkansas national guard will begin leaving home stations early Saturday for two-weeks training at Camp Polk, La. The units are components of the 39th infantry division, composed of Arkansas and Louisiana guardsmen. Brig. Gen. John B. Webb of Little Rock is the division's artillery commander.

And tomorrow night the marine corps reserve's 15th infantry battalion will leave here by train for active duty at a West coast training center.

A farewell ceremony is planned at War Memorial stadium here between 9 and 10 p. m. tomorrow. Governor McMath — a marine reserve officer himself — and Mayor Sam Wassell of Little Rock and Ross Lawhon of North Little Rock have been asked to participate.

500 Homeless in Flood on Big Wichita

Wichita Falls, Tex., Aug. 3 — (UP)—Five-hundred homeless flood victims taxed relief facilities here today as rain-swollen Holliday creek at Big Wichita river climbed higher.

Unusually placid Holliday crest went on a rampage when six inches of rain fell Tuesday. The rain stopped yesterday, however, and officials hoped the threat would ease today.

More than 100 boats and 300 trucks were pressed into service to evacuate some 200 families and their furniture as the creek inundated an area of almost 100 blocks.

A tourist court on the lower banks of the big Wichita river was abandoned last night as a rise of four inches was reported in one hour and the river went out of banks in some places.

In Oklahoma, the swollen Caney river blocked highways around Bartlesville and the Cimarron and Arkansas rivers flooded road roads near Muskogee, Tulsa and Supply.

Water ran several inches deep in the suburbs of Abilene, Tex., last night after a cloudburst caused a minor flood. Otis Lang, 12, was saved from drowning by two motorists after he was swept off a bridge over Catclaw creek in north Abilene.

A state of emergency was called in Wichita Falls. National guardsmen, naval reservists and 115 soldiers from Sheppard air force base carried families and household goods out of the flood-stricken area.

An air force helicopter directed the evacuation.

U. S. flood control engineers kept a close watch on the Lake Wichita dam, ready to order emergency workers to throw up sandbag barricades if necessary.

Negro Group to Meet; Park Gets Lights

The Hope Civic improvement association will meet in regular session tonight at the Hicks Funeral Home.

A general work day program will be held at the Negro City park tomorrow.

Installation of a lighting system at the negro park was completed last Tuesday. A barbecue dinner was served by the Hope C. I. A. to celebrate the occasion. Opening date of the first negro baseball field with lighting facilities in the state will be announced upon arrival and installation of transformers needed to complete the field's system.

Roundup Club to Meet 7:30 p. m. at Colosseum

The Hempstead County Roundup Club will hold its regular meeting and a barbecue at the colosseum at Fair park tonight at 7:30. Prospective members are asked to attend.

Military Arm of U. N. Favors U. S. in Korea

Washington, Aug. 3 (P) — State department officials expect the executive board of Unesco to hold an emergency session in Paris soon and express strong support for the United Nations military campaign against Communist aggression in Korea.

Unesco is the United Nations Economic and Social Council. The practical effect of the expected Paris action, a authorities here said, will be to open a new front in the propaganda struggle with Russia. This has been waged with increasing intensity since the first days of the Korean crisis.

Russia's propaganda line is exactly contrary to the position taken by the United Nations security council. The council has held that the Korean Communists launched an unprovoked attack on South Korea, at American instigation, started the fighting.

While American officials say that no well-informed persons — including the men in the Kremlin — can have any doubt as to the

Temperatures Rising for Midwest

By The Associated Press
The Midwest's brief cool spell appeared nearing an end today as temperatures headed toward seasonal levels.

The warmer weather already moved into the plains states. The cool belt extended over the Great Lakes region, the upper and middle Mississippi valley.

Warm weather continued in the Gulf states. There was some cooling in the New England region. Yesterday's maximum temperatures ranged from 109 at Yuma, Ariz., to 51 at Grand Marais, Mich.

Rainy areas today included northern Michigan, near Lake Ontario, the southern Appalachian and in central South Dakota and central Nebraska. Skies were mostly cloudy in the northeastern part of the country and clear to partly cloudy elsewhere.

Boyle Ponders Mystery of Korean Airport, Dealing Out Death, Receiving Wounded

By HAL BOYLE
A Forward Base in Korea (P)— The only people I know who love airplanes are pilots.

To an outsider, most airfields look alike. But they hold personalities of their own to the men who wheel trains through the skies. Just what the difference between them is, I have never been able to figure out.

An airport, to me, is just a control tower windsock in the breeze, and broad strip of safety on which I can land and I can feel mother nature welcome me through my feet.

But airfields are homes to the fliers. They like to adventure through the cloud-filled pastures of space. Once they land, however, they want to stay right on the base and shoot gossip with the other boys. It's hard to get them to drive out and see what the towns are like that the airbases are built to serve. To them, the airport itself is a complete city.

And certainly this most advanced airstrip is a wonderful and complicated community. It sends out fighter planes to deal death to the enemy and it receives our own battle-wounded and flies them out in comfort to a general hospital in Japan.

It is all done so casually and competently that a stranger could wander across the field and never know what was going on.

This airstrip lies in a valley surrounded by hills that would be called mountains in the Ozarks of Missouri and Arkansas—but just humps in Colorado.

It is much like Tafturi, the famous World War II crossroads airfield outside Oran in Africa. When the sun shines it is hell swept by dust. When it rains you can take a dozen steps and the mud on your feet will weigh more than your shoes.

It is a pioneer village, built out of the need for immediate close

24th Holds Gains While Sending Its Tanks Far in Front

Rising U. S. Strength Bids for Showdown

Tokyo, Friday, Aug. 4 —(P)— Allied troops, for the first time approaching but still inferior to the 10 division strength of the Red invaders, rolled forward for the showdown fight for South Korea today with big Pershing tanks.

Elements from two fresh American divisions — the first marines and the army's Second Infantry — joined three other American and five South Korean divisions along the shrinking front.

Frontline predictions were the marines and Second Infantry troops would be in battle by night fall.

The lines stretched from the general south coast area of Chinnju northward along the winding banks of the Nakdong river. The Allied troops had quietly withdrawn from former positions as much as 38 miles over a three day period.

A daring U. S. 2nd infantry battalion, on a reconnaissance sweep with five tanks, penetrated 22 miles behind the Communist lines near Chinnju Thursday.

It discovered a big enemy buildup for the battle for the plains leading to Pusan, the main U. S. port 40 miles east of the front.

The task force then fought its way out of the enemy lines, with some losses, and rescued a regimental command post from destruction by guerrillas. The enemy marauders had filtered a eastward in small numbers towards Masan, port city 25 miles west of Pusan.

Don Whitehead, Associated Press correspondent at the front, said the American force proved the enemy lines could be breached by a hardhitting tank force.

Whitehead said the battalion most reached burning Chinnju. Continued on page Two

Will Examine Five Men for Every One Actually Drafted

Little Rock, Aug. 3 (P)— Selective service is going to examine five men for every one it'll draft in Arkansas in September.

The state's September draft call is 535.

Brig. Gen. E. L. Compere, state selective service director, said last night 2,675 draft eligibles would be examined between next Monday and Aug. 25 to fill the quota.

The screening will be carried out here and at a new induction station, to open Aug. 14 at Texarkana.

Marines Go Into Front Line Posts

By ROBERT C. MILLER
With 1st Marine Division, Korea, Aug. 3 —(UP)— Cocky young marines of the 1st division moved into front-line positions in Korea today only 12 hours after disembarking from a transport ship that brought them from California.

They brought with them to the front equipment which they feel sure will provide the answer to the tough Russian-made North Korean tanks which spearheaded the Red advance down the Korean peninsula.

There is no indication when the marines will go into action, but they hope it will be soon.

They will be fighting for the life of the marine corps, as well as for a military victory. And from the commanding general's down to the marine privates who swaggared down the gangways yesterday, they are anxious to show their stuff.

They remember full-well the attempts made during the armed forces unification battle to scuttle the marine corps. The attempts failed for the most part, but the strength of the marines was reduced drastically.

The boys of the 1st division know it is up to them to show congress and the American people what the marines can do. If they don't, the corps is finished as a fighting group.

I went ashore just eight years Continued on Page Two

Sam P. Bevin Dies; Funeral at Benton

Sam P. Bevin 72, of Hope died yesterday at a local hospital after a long illness.

He is survived by four sons, Sam Bevin, Hope, W. L. Bevin, Tom Bevin and L. C. Bevin, all of Benton, two daughters Mrs. E. N. Ledbetter Little Rock and Mrs. T. R. Rowe, Benton. Services will be at Ashby Funeral Home in Benton at 3 p. m. Friday. Rev. H. P. Hudspeth, pastor of First Pentecostal church of Hope will conduct the services. Rev. Harlan Wicker, Laneburg, will assist.

Mrs. Ruby Wilson Dies, Funeral Friday

Mrs. Ruby Wilson, 68, of Washington, died yesterday afternoon at a local hospital.

Mrs. Wilson is survived by a daughter Mrs. La Verve Pudephatt, Pine Bluff, and son, Mattison Wilson Washington Ark. two grandchildren Mattison Wilson Jr. Washington and Harry Pudephatt, Pine Bluff.

Funeral services will be held at the Methodist church, Washington, at 2 p. m. Friday. Rev. Fred R. Harrison of Texarkana will conduct the services and will be assisted by Rev. W. C. Lewis of Washington and Rev. Paul Holdridge of Hope.

Tanks Push Miles Behind Enemy Lines

With U. S. Forces in Aug. 3 (P)— Troops of the 24th division held their line firmly east of Chinnju today, sending a tank-led battalion to the naissance force deep into territory.

The tanks probed for miles behind enemy lines Wednesday, the deepest penetration Allied forces have made in this war.

(Ma). Gen. John E. Gu commanding the 24th, told the Press. "Our tanks are fortunate. Our attack was from getting under them."

The tank force smashed into the enemy and fought the communist elements by surprise. Americans engaged the Red roaring road battle and rolled most into Chinnju.

The tank force ran a general machine gun fire all the way it captured enemy positions and tanks and Russian planes. These were important points of the enemy's defense.

The American tanks rolled into Chinnju from the west of Chinnju and rolled air miles from Pusan. The Reds closed in behind them cut off the tanks. The North

Red China Is Tuning Up for Indochina War

Saigon, Indochina, Aug. 3 — Red China is training at least 600 Indochinese guerrillas for Chi Minh's Communist-led French forces official French forces report.

This is Communist China's large-scale aid to the Moscow-recognized Viet Minh regime, sources said.

They reported that the Chinese Communists have set up training camps at Yunnan, Yunnan and Yunnan — all near the Indo-China frontier. The camps are used not only to train advanced guerrillas, but also to train Ho's men.

Ho's troops have been fighting guerrilla warfare against French forces and troops of the backed Bao Dai government five years.

Most observers here believe Chinese Reds will limit their to such training camps and to smuggling of arms across the frontier. They do not anticipate any invasion by Communist Chinese troops to support the Chinese guerrillas.

Geo. Karber, Ex-Blevins Resident, Dies

George Karber, a former resident of Blevins, died in St. Louis hospital in Spokane, Wash., at the age of 80. His home is in Hilliard, a suburb of Spokane.

He is survived by five sons, Noble and Cecil, of Hilliard; Carl of Peoria Ill., and Dan of Pomer, Idaho; a stepson, Ophie of St. Charles Idaho; and daughter, Myrtle Chambers of Spokane. He was a member of the Blevins of Monroe, La., and Rogers of Camp, Ark., and Braden of Spokane, a half-brother of Jim Crump of Greenleaf, Mont. Ark.; and 20 grandchildren, 10 great-grandchildren.

Interment was at a Spokane.

Mr. Karber was leaving here for Spokane when he died.

100-Million Loan to Spain Is Approved

Washington, Aug. 2 —(AP)— Secretary of State Acheson today approved the senate's \$100,000,000 Spanish loan "rider" to a pending ECA appropriation.

He told a news conference there were adequate funds for any justified Spanish loan already available in the Export-Import

bank.

He also said that the state department had met with no success in efforts in recent months to persuade Spain to adopt a more democratic government.

The senate yesterday added to legislation appropriating funds for European recovery a clause saying a \$100,000,000 loan should be made to Spain through the Export-Import bank.

Senator McCarran (D-Nev) had proposed cutting Spain in for \$100,000,000 or Marshall plan funds. Skirting that, the senate voted for the Export-Import bank plan. Acheson recalled to his news

House Is in Mood to Vote War Controls

Washington, Aug. 2 —(AP)— The house was in a mood today to vote President Truman broader controls than he has requested over the domestic economy, but was undecided how to go about it.

As a final vote neared on the "defense production act of 1950," there was strong sentiment to add to the priorities and allocation authority Mr. Truman wants, to include power to impose rationing and to peg prices and wages.

The decision on how far the house will go toward empowering the President to cope with war-born economic problems was largely up to administration leaders in the house. They were having trouble making up their minds.

Some of them want to give the President only what he requested in a message last week—priority and allocation authority, power to requisition, authority to make production loans and control of consumer and real estate credit and commodity speculation.

That's what the house banking committee recommended, but its leaders are faced with a potent drive to give the President standing power over wages, prices and rationing.

The decision on the extent of power to be voted, subject to senate approval, may come late today when the bill is slated for final house vote. It may be put off until Friday.

Republicans generally are backing the drive to give the President more than he requested. Their views are embodied in a substitute bill introduced by Rep. Kunkel (R-Pa.).

The Kunkel bill would permit the President to peg prices of most articles and services at the highest price of the two-weeks period pre-

ceding the start of the Communist invasion of South Korea.

It would allow him to curb consumer credit but not extend it for real estate transactions, and would authorize the President to requisition commodities, but not facilities, needed for the defense effort.

It also would permit the President to peg wages, generally at the highest level during the two weeks preceding the Korean war. It does not contain any authority to control commodity exchanges.

Still a third bill, by Rep. Deane (D-NC) would give the President priorities and allocation, powers and authority to curb credit and to freeze wages and prices. It contains no rationing powers.

In all three measures, the powers proposed would be optional. The President would have to decide when to impose them.

Kilimanjaro, said to be Africa's highest mountain, is topped with two peaks—Kibo and Mawenzi.

The Venezuelan state of Bolivar and territory of Amazonas are largely unexplored.

Kibo, a snow-capped mountain peak, is only 200 miles south of the Equator in Africa.

Corporate Profits, High, Face New Tax

New York, Aug. 3 —(AP)— American corporations are making money faster than ever before, but new war taxes may cut back the 1950 total to well below record size.

A compilation by the Associated Press of earnings of 450 corporations in virtually every field of business shows profits were 43 per cent higher in the second quarter of 1950 than in the same period last year.

The year 1948 stands as the record-breaker for corporate earnings, and 1949 was only slightly below. Thus the second quarter of this year is running well ahead of the 1948 record.

Higher corporate taxes for defense needs plus an excess profits tax would cut back 1950 earnings considerably below the 1948 record. Earnings also would be held down by rationing and price fixing.

The 43 per cent jump in second quarter profits to \$1,625,040,257 brought earnings of these 450 cor-

porations for the first six months to \$2,885,304,280. That is again of 24 per cent over the first six months of 1949.

There are three points to keep in mind when looking at the profits picture:

1. All this money was earned before the Korean war started.

2. It shows a remarkable recovery from the let-down earlier in the year during a period of strikes and price reductions.

3. The profits look bigger by comparison with the first half of 1949 when a recession was taking hold of the economy.

There are some who believe the second quarter may stand as high tide in the profit movement. Even though many corporations now are working at top speed as a result of the war, their increased sales may not produce higher profits because of greater taxes and higher costs.

The 1949 recession ran its course in about the first six months of the year, and profits started expanding in the third quarter. They have been going up ever since despite frequent set-backs resulting from strikes, price cuts and termination of post-war building plans.

None of the 28 major groups of the 450 corporations lost money in either the second quarter or first

half, and very few of the corporations were in the red.

Induction Station to Open August 14 at Texarkana

San Antonio, Tex., Aug. 3 —(AP)— Four more induction stations, including one at Texarkana, Ark., will be opened in the Fourth army area.

The Texarkana station will begin operations Aug. 14.

Announcement of the new stations was made yesterday. They were necessitated by the stepped-up draft, Fourth army spokesmen said.

MUD SLINGING DOES NOT PAY!

Upon every platform in this District I have asked to be elected prosecuting attorney upon my own qualifications and not on the demerits of my opponent. I have previously been elected to public office three times. I have never slung mud. I do not intend to start now.

I have practiced law continuously for a living since 1927. I have prosecuted and defended all types of criminal cases throughout the Eighth Judicial District. I served 2 years as Clark County Representative and 8 years as Senator from the District of which Malvern, Sheridan and Arkadelphia are the county seats. During this period I was elected President of the Senate and chosen by the press as one of the five outstanding Senators. After serving more than three years as deputy prosecuting attorney under James Pilkinton, I resigned to enter this race. My public record is an open book and available for public inspection.

I believe I am better qualified than my opponent by reason of training, character, legal experience and ability to make you an honest, energetic, conscientious and forceful prosecuting attorney. I sincerely urge every citizen to ask the lawyers and Judges of the district, or the state for that matter, about my qualifications and those of my opponent. I am a Steward in the Methodist Church of Arkadelphia. I invite you to ask my pastor and the pastor of my opponent's church about me. They both know me well.

I want with all my heart to be your prosecuting attorney. I want you to want me to be your prosecuting attorney. My wife, my son and I will from the bottom of our hearts appreciate your support and vote on August 8.

Humbly submitted,

By The Associated Press

Today A Year Ago — Ellis
 Kinder struck out 14 in leading
 Boston Red Sox to a 93 victory
 over the St. Louis Browns.

Five Years Ago — Byron Nel-
 son won the Canadian open golf
 title with a 280 for his 10th straight
 tournament success.

Ten Years Ago — Don McNeill
 routed Frank Kovacs, 64, 63, 63,
 in the final of the Meadow club
 tennis tournament.

Fifteen Years Ago — Grand
 Slam, a 30 to 1 shot, won the \$37-
 230 Arlington futurity at Arling-
 ton park.

Oilers Play Legion Here Tonight

The Hope Legion will meet the
 Lion Oil Team of El Dorado
 tonight at 8 o'clock at Legion Field.
 The Oilers hold the No. 2
 position in the Southwest Arkansas
 League and the local ball club will
 be out to defeat these near-champ-
 ions although this is not an official
 league game and will not affect the
 standing of either team.

Dennis Ross will start in the
 mound for Hope.
 The Legion team's next game
 will be at Mineral Springs, Sun-
 day at 3 p. m.

Yanks Again Favored to Take Flag

By GAYLE TABLOT

(For Hugh Fullerton Jr.)

New York, Aug. 3 (AP)—The last
 thing we saw, the New York Yan-
 kees were 3-2 favorites to win
 their second straight American
 league pennant and their third in
 the past four years.

The Detroit Tigers are quoted
 second choice at 2-1, the surging
 Cleveland Indians third at 13-5 and
 the Boston Red Sox fourth at 7-2.
 It's a fine cluster of short odds,
 reflecting both the fierceness of
 the race in the younger circuit
 and the greatheartedness of the
 bookmakers.

The first thought that might oc-
 cur to the casual follower of the
 Yankees doing up there again—
 haven't they had the miseries all
 season and haven't some of the
 best minds agreed that this is
 Detroit's year?

The answer is — well, yes. One
 of the champions' greatest stars,
 Tommy Henrich, has played but
 rarely because of a damaged knee,
 and Joe DiMaggio plainly has
 slipped badly. Joe Page, their
 fabled relief pitcher, hasn't been
 worth his found for a month. And
 Detroit has, indeed, put on a tre-
 mendous show under Red Rolfe's
 guidance.

But—well, look at the figures.
 During the month just past, Casey
 Stengel's has-beens won 10 games
 while losing eight. That put them
 exactly even with their won-lost
 standing of a year ago. During
 July they smashed 27 home runs
 while their own hill staff was
 yielding only 16, a murderous ad-
 vantage.

Big John Mize, who barely es-
 caped a second and possibly final
 trip to the minors less than a
 month ago, suddenly began hitting
 like a madman in the clean-up
 spot.

In sum, everything had begun
 to click for the Bombers at once
 before they hit Detroit. Even
 the two relievers obtained from St.
 Louis, Tom Ferrick and Joe
 Ostrowski, in the deal which
 brought such an avalanche of criti-
 cism upon the sensitive head of
 General Manager George Weiss,
 have been contributing some
 gaudy work.

And while all this was happen-
 ing to the Stengelsmen it gradu-
 ally became apparent in recent
 weeks that Detroit's fine pitching
 staff, which had been counted upon
 to propel the Tigers to the pen-
 nant, was beginning to feel the
 strain of overwork. Of course the
 two straight wins over the Yankees
 helped a lot.

Virgil Trucks has been out since

they were knocked out of the
 pennant race.

They're knocking the cover off
 the ball out west, he said, and
 pretty soon they'll open a nice,
 long home stand in Fenway park,
 where they are hard to shave.
 Hold off a while yet, the man
 urged.

Truman Men Is Defeated in Missouri

St. Louis, Aug. 3 (AP)— Emery
 W. Allison, who received Presi-
 dent Truman's backing, held only
 a faint hope today that he still
 might edge out Thomas C. Hen-
 nings, Jr., for the Missouri Demo-
 cratic senatorial nomination.

Hennings' nomination was vir-
 tually certain.
 With only 38 precincts not tabu-
 lated, Hennings, a former U. S.
 representative, led by 4,372 votes
 in the unofficial count of Tues-
 day's primary election.

Allison, a state senator, con-
 gratulated Hennings but said there
 still was a "possibility the ab-
 sentee ballots this year. Under a
 new state law, a Missourian can
 send his ballot from anywhere in
 the world. Formerly he could
 not vote unless he was inside the
 state on election day.

President Truman was among
 the voters who cast mail ballots.
 Mr. Truman had no comment
 yesterday on the race.

The unofficial count in 4640 of
 4676 precincts last night was: Hen-
 nings 179,201, Allison 147,829.

May with a sore arm, and Rolfe
 has only seven sound pitchers. He
 has found it necessary to convert
 his best relief man, veteran Dizzy
 Trout, into a starter, and he has
 been forced to use his big four—
 Newhouse, Houtteman, Hutchin-
 son and Gray — in relief a total
 of 21 times.

Rolfe concedes that the situa-
 tion is precarious, and that if he
 doesn't get another pitcher soon it
 will become worse. General Man-
 ager Billy Evans has just returned
 from an unsuccessful hunt on the
 west coast. The price-makers are,
 of course, keenly aware of Rolfe's
 misgivings.

As for Cleveland, anyone
 who wishes to risk his roll on Lou
 Boudreau's boys would do well to
 grab the current odds, for they
 will get a lot shorter before they
 get longer.

The Injuns are a hot ball team.
 Boudreau, scenting the big chance,
 is back in there playing great
 shortstop and powering the hits
 again. Hue Luke Easter, the Ne-
 gro rookie, is scaring pitchers to
 death. Bob Lemon is proving what
 had been suspected — that he is
 just about the best pitcher in the
 game today. They could win the
 big prize.

The Red Sox? The temptation is
 strong, now and then, to give up
 on Steve O'Neill's gladiators. But
 a man was saying just the other
 day, don't.

They're knocking the cover off
 the ball out west, he said, and
 pretty soon they'll open a nice,
 long home stand in Fenway park,
 where they are hard to shave.
 Hold off a while yet, the man
 urged.

Regardless of price

Prices are getting higher day by day, and many goods are becoming scarce items. Owen's will try at all times to maintain an equally balanced stock of goods, as far as humanly possible. Our wholesalers, manufacturers, and mills are co-operating with us to the best of their ability. Shop Owen's first for the biggest values in Southwest Arkansas. It's a pleasure to serve you.
